Mingyue's Daily Life – Part 1

Chapter 1

One night, Mingyue was driving his Mercedes-Benz S600 on Qingtai Avenue. Suddenly, a red Porsche was driving at the avenue left and right with a speed of 100 kilometre per hour. However, Mingyue didn't care about it, "Why is this guy driving so fast?!", said Mingyue casually.

Mingyue drove to the "Peach Blossom Manor" and parked the car. Then he walked into "Peach Blossom Manor". When he was walking into the "Peach Blossom Manor", he saw the red Porsche.

“Um? Is it that Porsche? He wants to go ‘Peach Blossom Manor’, too?” But Mingyue didn’t care about it, too, then he went into the Box 1340 and got together with his colleagues. When he was walking into the box, he saw the owner of the Porsche, but he didn’t know him then.

Chapter 2

At the morning of the next day, Mingyue go to the drink shop near the community and buy a glass of lemon tea. Today is weekend, so Mingyue take the phone and order a takeout. (Mingyue’s inner OS¹: That’s very good!)

Then he comes to his room, open his laptop and open *Minecraft*.

“Ding, dong.” the doorbell breaks his gametime.

“That’s good and just I’m hungry now, it came on time very much!”

“Gentleman, here is your takeout.”

“Um, well, you delivered to here very fast.”

“Don’t forget to give us Five-star praise.”

“Of course.”

“Thanks. I’ve to go now.”

“Um, bye!”

Mingyue ate the takeout quickly, then he looked at the news and to play games.

“Dong, dong, dong”, Mingyue exit the game and go to open the door.

“Hello neighbour, what’s the matter?”

“I want to go out for a period, can you take care of my baby?”

“Of course, I can.”

Chapter 3

Today, Mingyue gets the task from superior: go to Xiaoyun to ask the working condition at the branch. “OK, I go to buy my train ticket now.” says Mingyue.

“Um, go. Don’t forget to tell me before you leave here. That I can report to superior.”

“I leave now.”

“OK, bye!” Mingyue go to the Xitai station to buy the train ticket. At 4 o’clock at the afternoon, Mingyue gets the ticket and gets on the train at 5 o’clock. Mingyue sees the ticket, he will arrive Xiaoyun at approximately five fifty at the afternoon.

Chapter 4

When Mingyue went back Xitai, it only was four days later.

“It’s very difficult when I went to examine them.”

¹ A way to show what the person is thinking in this novel. Initially, it has been used by a student in her story who is one year older than the author, and who has graduated. Then it has been continued to use by an author’s classmate in her story, until it has been continued to use by this author now.

It turned out that when Mingyue was examining the working condition at the branch...

"Hey, who are you?" asked Xie Xun (the director of this branch) with domineeringness.

"I'm the examiner from Xitai. On the order of superiors, I come here and examine your working condition."

"Examiner? I think that you come here and find fault!" said Xie Xun domineeringly. ("His working attitude looks 'very good'!" thought Mingyue.)

Mingyue was not very unhappy, just when he was thinking, he wrote something on the registration book.

Suddenly, Xie Xun walked to Mingyue and snatched his registration book. He said, "You dare record? Did I let you record? Who are you did you think? You dare to make trouble here? You ate bear heart and leopard gall? I tell you that anyone can't make trouble here! I tell you that my brother is the manager here, don't make trouble here!"

It seems that Mingyue didn't care it very much, however, he said casually, "OK, I go to have my meal." Then he got out.

"Have meal? I think that you want to eat the shit!" Xie Xun said, "Fuck off!" (Mingyue Inner OS: Ah...) Then Xie Xun gave some kicks to Mingyue hard.

Mingyue didn't say anything, just get out from office silently and go into the elevator.

"Hey, don't go, I don't play enough! Come here and continue, aren't you so strong? Come here, continue..." "Dong..." The elevator closed its door. It seems that Mingyue didn't hear anything when Xie Xun was swearing.

Mingyue went out from elevator, then he took a taxi and go to hotel had his meal and sleep. Later, Mingyue go back to Xitai, he didn't stay more time in Xiaoyun. Because Mingyue think that he didn't need to survey them, and the director is not good now. (Mingyue Inner OS: I must convene staff first! They're still good, at least their original intention is good.)

Chapter 5

"Some days later is Taohong's birthday, what can I get her for a present?", says Mingyue, "Let me phone Lingxiao and ask him."

"Hey, Lingxiao Some days later is Taohong's birthday, what will you get her for a present?"

"I think that we can give her a large meal, that's enough."

"Well. Can Taohong drive any car? I want to know it."

"Yes, she can. What's the matter?"

"Has she got a car?"

"No, she hasn't. What's the matter?"

"Oh, nothing. I just want to know it." (Lingxiao's Inner OS: How can it be nothing, it sounds that he wants to present a car.)

"OK, bye!"

"Bye!"

Then Mingyue go out and get on the elevator to -1 floor. And go to parking space T762, drive his Hongqi H9 luxury car and drive to 4S shop at West Loop Road.

40 minutes later, Mingyue arrive the 4S shop.

"Waiter, do you still sell Haval F7X SUV?"

"Wait, let me ask our manager."

Mingyue sit down on the chair first, then look around.

“That... Can I go upon the car and try to drive it?” asked Mingyue.

“Of course, be careful!” says waiter.”

Mingyue go straight to the Haval F7X for display and try to drive it.”

“Well, the seats are cozy. That’s good at to drive families, although the back part is narrow.”

then he gets off and see the trunk.

“Um, the trunk is good, too. It can’t be kept lots of things, but it’s not very narrow.”

“Hi, gentleman, our manager told me that there’s one. Would you like to see it?”

“OK!”

“Can I introduce to you?”

“Of course!”

Then the waiter starts her affectionate introduction...

“I think that you will present someone this car, yes? I know it. You chose it suits everybody to drive! Its performance is not better than other SUVs, but its performance is better than cars, absolutely! And it’s light SUV. There’s special offer of it, you can buy it fully for 120 thousand *yuan*²! Very affordable! Well, gentleman, buy it now!”

“Uh, let me consider it, storage it for me first! I’ll get it in about some days.” says Mingyue mysteriously.

“Well, bye, gentleman.” says the waiter and she make a gesture of “thank you for your patronage and welcome” to visit next time. She is not unhappy.

“Bye!” says Mingyue. Then he drives his Hongqi H9 and leave the 4S Shop.

When he arrived home, he thinks, “I’ll buy the car and present it to Taohong. And there is a large meal from Lingxiao, that’s perfect.” Then he jumps excitedly.

Chapter 6

Two days later, Mingyue phones to Lingxiao.

“Hey, Lingxiao, tomorrow is Taohong’s birthday!”

“Um, I know it. However, what do you want to tell me?”

“I, um, nothing. Just... Um, nothing.”

Suddenly, Mingyue seems think something, then he phones Lingxiao again.

“Hey Lingxiao, where does Taohong live?”

“Ah? Why do you want to ask this?”

“Well, nothing, I just want to ask it.” (Lingxiao Inner OS: Ah, it may not be nothing, it seems that he wants to get Taohong with something. However, what does he want to present Taohong?)

“At Room 1002, Block 7, Guicheng Community, No.17, Furong Road.”

“Are you at it with her?”

“No, I am not. I’m eating rice vermicelli then I’ll go back soon.”

“Toot...” the phone hangs up.

After the phone hangs up, Mingyue drive his Hongqi H9 luxury car and go to the 4S shop at West Loop Road.

“Ah, gentleman, welcome!” When Mingyue come in, the waiter rush to him hospitality.

² Approximately \$18850, £17150, €17130

“Ah? Just for waiting me?” Mingyue has a lot of questions.
 “Yes, there is only one Haval F7X SUV.”
 “Really?” Mingyue doesn’t believe it.
 “Or else?” The waiter seems want to make formality.
 “Yeah!” Mingyue go to make formality at reception excitedly.
 “That... can I change the address?” Asked Mingyue.
 “I want to change to near Guicheng Community, No.17, Furong Road, OK?”
 “It seems OK, let me look.”
 (Three minutes later)
 “I found it, is it here?”
 “Yes. Can you deliver the car to there at half past nine at tomorrow night?”
 “Of course!” Answered waiter confidently.

Chapter 7

At the night of Taohong’s birthday, both Mingyue and Lingxiao come to here together. However, there’s a question which lets Mingyue feel annoyed. Because Lingxiao invite Taohong to have meal, but the restaurant is not near the Guicheng Community, however, they want to have meal at West Loop Road Restaurant.

When Mingyue know that they want to have the meal at there then he phones to 4S shop. But there’s luck in misfortune which is the 4S shop didn’t deliver the car to near the Guicheng Community, and the restaurant is at near the 4S shop, maybe just some kilometers.

“Is the waiter? I want to change the address.”
 “Of course! Where do you want to change?”
 “I want to change the address to West Loop Road Restaurant.”
 “That’s OK, I tell them to deliver the car to there! Won’t you change the address again?”
 “Yes, I won’t change it, that’s it.”
 “OK, bye.”
 “Toot...” The phone hangs up.

“Yeah, let’s go!” While Mingyue is observing that Taohong is talking with Lingxiao, he is thinking, “When the Taohong finish the meal, she will be very happy, and there’s a new car, that’s perfect!”

“The dish comes, it’s the lemon duck. Enjoy the meal!” The waiter serves the dish. “Wow! It looks delicious!” Says Taohong excitedly. Look at her appearance, her eye closes like a line, and she shakes her head. There also is a dimple on her face.

Mingyue and Lingxiao see the Taohong is enchanted, then they smell it.

“Well, it’s very delicious!” Says Lingxiao.

“Well, me too, it’s really delicious.” Mingyue think that’s good.

“I, oh no, shall we start to have the meal?” Taohong is looking at the lemon duck excitedly, and she is slobber unnoticedly. (Lingxiao Inner OS: It seems that when one wants to please Taohong, just need a large meal!) (Mingyue Inner OS: Only a large meal can get Taohong? How easy?!)
 “OK, let’s have the meal!” Lingxiao is excited too.

Then they start to eat their meal.

(The End)

Mingyue's Daily Life – Part 2

Chapter 1

One night, Mingyue was driving his Hongqi H6 saloon car leisurely, he was thinking where he would go to have dinner.

Suddenly, a Porsche sports car was driving left and right like an arrow at an overcrowded street. Mingyue was startled by this sudden Porsche, then his hands almost couldn't hold the steering wheel. Fortunately, Mingyue was an experienced driver, then made the car stable. (Mingyue's inner OS: why did this person drive so fast? It startled me to almost cause a traffic accident)

Mingyue drove into the "Peach Blossom Manor" and got together with his colleagues. When he was walking, suddenly, he saw a Porsche. "Is this that car which almost let me cause a traffic accident? It looks very similar to that." When Mingyue was walking, he was soliloquizing. But Mingyue didn't care it very much.

Mingyue was walking at the corridor, and walking to Box 307 to have party with colleagues.

Chapter 2

In the morning of the next day, Mingyue goes to the commercial street near the apartment complex and buys a cup of lemon grapefruit watermelon mixed juice. "It's the weekend now, finally I can play games!" Mingyue feels very happy. He thinks around, forget it, he doesn't want to cook, then just orders the takeout. A few moments later, Mingyue boots his computer up and plays for several games.

"Ding-dong, ding-dong." The doorbell is reminding Mingyue. After he had the meal, then phones Lingxiao.

"Hello, Lingxiao, are you available?"

"Yes, what's the matter, Mingyue?"

"Shall we go out and play together today?"

"OK! But I want to tell you a serious thing."

"Ah, what's the matter?"

"Uh, nothing. OK, see you in the afternoon!"

After Mingyue hangs up the phone, he comes out. He goes down the negative 1 floor with the elevator, then drives his car to the company.

"Hi, Mingyue, you've come?" Says the doorman, then he takes the thermometer and walks there. "Let me see the Health QR Code."

"Of course, please wait."

A few moments later, Mingyue gets to his office.

Chapter 3

"Hello, Lingxiao, are you leaving now?"

“Ah? Oh, I leave now. Where will we go to play?”

“How about Qingtai Square?”

“Um, good! I leave now! Bye!”

“Bye!”

After Mingyue hangs up the phone, he leaves from the company to Qingtai Square.

Although Mingyue has drove on Qingtai Avenue for hundreds of times, because the greenbelt next to the road has been re-pruned and planted, the greenbelt next to the road seems very vibrant. The bougainvilleas on the overpasses are very bright and abnormally beautiful.

“Finally, I’ve arrived at Qingtai Square. As usual, here are a crowd of people and it’s so crowded.” (Mingyue’s inner OS: that is so crowded, can I park? Ah! I lose my mind!) Wait until Mingyue finally parked the car, Lingxiao doesn’t know how many times he has urged Mingyue.

When Mingyue takes the elevator from negative two floor to three floor, Lingxiao doesn’t know how many “years” he has waited.

“No, you! Did you go to date with girlfriend?! Do you know how long time did I wait? I arrived at here at three forty-seven, but you, what the time is it now? It’s four forty-three! Why was it so long? I can’t confidence you again!” Lingxiao is very angry.

“No, no, no, why could it be possible that I did go to date with my girlfriend? That’s impossible! After I was on the phone with you then I went to the company, and saw the working condition of the staff. Then I went to have lunch in a hurry, after that I arrived at here. All in all, it was hard to park car, it took me about 30 to 40 minutes to park the car. Ugh...all in all, it was very difficult...I hate parking!” (Lingxiao’s inner OS: in fact, ... it took me a lot of time to park the car, too. But I arrived at here earlier then him, here weren’t many people then)

“In fact, it took me a long time to park the car...” When Lingxiao is saying this sentence, it seems that his anger was pretended just now.

“You?! No, you!? I really want to give you a heavy slap across your face!” Mingyue really already almost has lost his mind when he heard this word from Lingxiao. “Ah, the world is too sinister!”

“Go, be quick! After a little while we can’t play!” Says Lingxiao, he is pulling Mingyue’s hand to the escalator. “We go to the Super Player! Be quick!”

“Ah this...when this person is thinking about the playing, he can’t stop...” Says Mingyue.

They go across a crowd of people, finally, they get the entrance of Super Player.

“Mingyue, do you have... money?” Lingxiao asks.

“Why do we use the money to buy the game coins?! Just go there and do a membership card directly! Who care it? Get it!” Says Mingyue, he pulls Lingxiao to the information desk.

The waiters seem heard their dialogue, they get straight to the point directly, “Which type of membership cards you want to do?” Either of them gets surprised, a few moments later, they reacted. “We want to do an annual membership card!” Two people say in unison.

Chapter 4

“An annual membership card, yes?” The waiter asks gently.

“Yeah!” Mingyue’s answer is still firm, but Lingxiao starts being hesitant. (Lingxiao’s inner OS: will it be a bit expensive?! I’m afraid we can’t buy it, or just buy a monthly one...)

“OK, gentleman, a total of 399 *yuan*³. How do you pay, please?”

“Uh, use WeChat to pay!” (Lingxiao’s inner OS: what? He really has money?)

A few moments later, it makes a sound, “Beep! WeChat collects 399 *yuan*”. Then the waiter takes some coupons to Mingyue. “Wait, here are game coins.” Then the game coins storage machine starts to output some bright coins with “ding-ding” sound. (Wow, this sound, it sounds as if though the money is fading! ...) “Gentleman, here are your game coins. Enjoy the playing time!” The waiter takes a basket with 300 game coins to Mingyue.

“Thank you!” Mingyue takes the basket.

“Wow! It seems that there are a lot!” Lingxiao says excitedly.

“Take them away and just play casually!” Says Mingyue generously.

“Wow, thank you! Yeah! Go!” Lingxiao is very excited.

“Where shall we go to play first?” Mingyue is seeing that Lingxiao is happy like a 3-years-old child.

“Sure, to play the ‘corner overtaking’!”

Chapter 5

Lingxiao pulls Mingyue to run to there quickly, i.e., the game “corner overtaking” (Lingxiao often calls it like this) (The author remember himself that its name seems to be *Continue to Drift 2*) (Mingyue’s inner OS: ah this...)

Fortunately, here are still two seats for playing. “Be quick, rush! There will be no seat after a while! Be quick!” Lingxiao pulls Mingyue to run there. Finally, they get seats. (Lingxiao’s inner OS: That’s good)

“Must you be so hasty? Can’t you walk here slowly?” Says Mingyue. “At least you can wait for a while!?”

They coin it, the other two passers-by’s screen appears “the enemy has appeared” these words...

“Three! Two! One!” The numbers on the screen appear slowly, each player get ready. Suddenly, the screen appears “start”, all of the players rush out like an off-string arrow. They selected the map which is called “Pearl of the Orient, Shanghai”, there is a big bend near the start, both of Liu Wen (Passer-by A) and Mingyue drifted past, however, Lingxiao and Song Xuan (Passer-by B) get stuck up there.

“Oh my god, that’s unfortunate at the beginning!” Lingxiao is complaining his own level.

“Maybe we can catch up with them, come on, go!” Song Xuan regains the confidence.

The race is conducting very fiercely, Mingyue and Liu Wen in front has already gone into the hardest part in this race: they have to drift continuously there. This part is very short, but it can let some players be the blockbuster. Not only in front of it is the destination (or the checkpoint that they re-run a lap), and it can let many players get failure. Wow! Mingyue make a drift smoothly like Dove® chocolates and passes it perfectly; as for Liu Wen, he passes the bend with a speed of 200 kilometers per hour, too; Lingxiao’s condition is not very bad, just his car scraped slightly; but Song Xuan is a bit unfortunate: not only he hit the guardrail for two times, and he is thrown far by them.

After they are playing for a long time, the race turns to the final part: straight-line rushing.

³ Approximately \$59.73, £48.4, €56.55

According to the speed of the car the four of them were driving, the number one is Song Xuan's Porsche 911, the score of the speed is 81, this is a very high score.

"Go!" Lingxiao shouts loudly.

Finally, Liu Wen is the first one who reaches the destination, and Lingxiao is the second. And Song Xuan relies on his fast speed, he is tied for third with Mingyue successfully.

Chapter 6

"So terrific! Or, continue?" Lingxiao asks Mingyue excitedly.

"Ah this... of course! We come here for playing at all! Don't be afraid, aren't there a lot?!" Says Mingyue, then he stirs the game coins in the basket.

"Be quick! I want to do that again! Again!" Lingxiao is excited like a child. (Liu Wen and Song Xuan's inner OS: ah this...)

"Of course! However," says Mingyue, he seems very serious, "if you like playing this, I can help you to get a long-term entertainment card! Do you want one?"

"Ah, yes! Yeah!" Lingxiao runs there and gets close to him, then says seems jokingly, "You are simply my second father!"

Mingyue seems to know Lingxiao is joking, he says, "You flatter me!"

Later, they play *Continue to Drift: 2* for five times, basketball shooting game for two times. At last, they also play the worst game with twenty-seven game coins luxuriously: use the coins to push coins⁴, push them out as your own. However, their luck is not bad, they have exchanged twenty-seven game coins for thirteen game coins. Then Mingyue goes to save the game coins.

When they are on the way...

"Mingyue, I have a 'good suggestion'!" Lingxiao says while he is walking.

"What's the matter? What's the 'good suggestion'?" Mingyue asks.

"Or shall we call Taohong and let her come here to have meal together?" The more Lingxiao says, the more mysterious, "It can let you bank account lose 200 thousand *yuan*⁵ immediately!"

"Don't be afraid, I have a lot of money." Mingyue is not anxious at all.

"That's good!" Lingxiao says.

Chapter 7

Before Mingyue agrees, Lingxiao phones Taohong directly.

"Hello, Taohong. Are you at home?"

"Yes, I am. What's the matter?"

"Are you available? Come here to have meal tonight!"

"Where do we go to eat?"

"Qingtai Square."

"Well, OK! I will get there soon!"

⁴ I.e., a coin pusher machine. Coin pusher machine is a type of entertaining machine, which pushes coins. You can put in the game coins and try to stockpile them as much as you can in order to push them off the edge to win more game coins, prize, etc.

⁵ Approximately \$29,430.46, £24,125.73, €28,292.15

“Well, I’m waiting for you here!”

Then Lingxiao hangs up.

“Taohong is coming, yes?” Mingyue asks.

“Yes!” Says Lingxiao very seriously. “Let’s consider where we go to have meal first!”

“Well, OK!” Mingyue answers.

They shuttle between major shops...

Chapter 8

When they are walking, Lingxiao has been caught eyes suddenly, then he tells Mingyue, “Let’s go to Twenty-Nine Chaffy Dish Restaurant!”

“Ah? Is that good?” Mingyue asks with doubt.

“Certainly! Trust me!” Lingxiao answers with full confidence.

Mingyue can only take back the idea of doubting, and follows Lingxiao into the restaurant, in the restaurant is very fragrant... Suddenly, we don’t know why, Mingyue starts being interested in Taohong.

A long time later, they have already finished the meal. (don’t ask me why I didn’t describe the scene of having meal, purely because I’m afraid that will be too long-winded, and I can’t write it well)

“Lingxiao, or that, you come back first!” Mingyue wants to drive Lingxiao away very much.

“Ah? Why? Since that you say so...” Lingxiao starts to become mysterious again. “I really am not leaving.” Lingxiao smiles evilly.

“Ah, be quick! The car is ready for you! Hey, driver, that, my friend is leaving, you give him a ride, please!” Mingyue waves and calls a taxi.

“Oh, OK! Come here and get on!” The driver answers politely.

“That, sorry to bother you, driver!” Lingxiao smiles with apology. (Lingxiao inner OS: you, you, Mingyue, you are unexpectedly such person!)

After Lingxiao is leaving, Mingyue gives Taohong a business card, which is about himself. Mingyue gives her his business card with slight smile. “Remember to contact me if you get trouble!” Mingyue’s word lets Taohong get a full feeling of oppression, and with Mingyue’s smile, it lets Taohong get a full feeling of nervousness.

After Mingyue gave Taohong the business card, then he goes to the underground parking lot and pick up his car, only Taohong stays in situ.

“What has just...just happened?” Taohong looks and looks the business card in her hand, then looks and looks leaving Mingyue. “I, I, I, who am I? Where am I at?” Taohong goes to the open-air parking lot then drives her Haval F7X to keep away in hurry.

The moon in the black sky has disappeared, and hidden inside the clouds secretly.

Taohong drives to home in hurry. She feels very apprehensive, and she has been recalling the scene just now, and recalling the evil smile from Mingyue, she feels very odd in heart. (Taohong’s inner OS: Should I exactly keep this business card?! Or, keep it, maybe it’s really. Hope so.)

Chapter 9

After Taohong came back the home, then she bathes and sleeps in a hurry, on the next day, she gets relieved.

Taohong phones Lingxiao.

“What’s the matter? I’ve got up just now!” Says Lingxiao with sleepiness.

“Mingyue has given me a business card, how should I handle it?” Taohong feels this business card is a tough problem.

“Did he tell you other?” Lingxiao comes to interest immediately.

“He told me that if I get a problem or trouble, I can contact him.”

“That’s a bit tough.” Lingxiao thinks and thinks, suddenly, he realized it, and tells Taohong quietly, “I feel Mingyue is interested in you.”

“Ah?! What the hell? Mingyue is interested in me? He, the general manager of a company, is interested in me, a small employee with a monthly wage of less than 4500 *yuan*⁶? Are you kidding me?!” Taohong can’t understand.

“He told you if you get trouble then contact him, isn’t this implied that he is interested in you?”

Taohong gets stuck, then hangs up casually. Suddenly, by this time, Mingyue sneezes... (Mingyue inner OS: who is missing me?! That’s so cold!)

Taohong feels not good...

“Oh.”

“I’m waiting for you, Lingxiao.”

Lingxiao goes and to ask the waiter.”

“Waiter, table 21.”

“Of course.”

The waiter leads them go into table 21.

Chapter 4

Mingyue takes on the menu and let Taohong and Lingxiao look.

“Order yourself.”

They order flavorful beef, fried shredded potatoes, and more dishes for chaffy dish, temporarily.

“Well, these vegetarian dish and meaty dish are good.”

“Uh, yeah, I think that is delicious, too, we can go there for a meal next time!”

The chaffy dish has color, fragrance, and flavor, when one sees it then who wants to eat it.

Three people come to it, that’s good!

“More bottom material!” Says Taohong.

“OK!” Says Mingyue.

“Let me tell the waiter and change the chaffy dish to double-flavor chaffy dish.” Says Mingyue, then he goes and tell waiter. (Taohong Inner OS: Does Mingyue want to use our money to pay? A normal chaffy dish needs 86 *yuan*⁷, a double-flavor chaffy dish is 169 *yuan*⁸! Well, it’s so horror!)

Taohong ask Lingxiao with doubt, “Lingxiao, is Mingyue reliable? I think that he wants to let me pay! We seem to order dishes for altogether about 400 *yuan*⁹!”

“No, he is reliable. He isn’t this style. I had a lot of meals with him, but he never lets me to pay, all were he to pay, when I want to pay for him, he didn’t let me pay it, he ‘grabbed’ it.”

“Ooh...”

Mingyue come in now. Behind Mingyue follow a waiter. The waiter changes the chaffy dish skilled:

She put the double-flavored chaffy dish on the table first, then she takes off the normal chaffy dish, and put it on the serving cart, then she takes the double-flavored chaffy dish to the groove on the center of table, finally, she pushes the serving cart and go out the door.

“I’m sorry, I let you wait for a long time.” Says Mingyue, he looks guilty.

“I want to order the combo for 2000 *yuan*¹⁰,” asks Taohong with a questioning attribute.

“Of course! However, can you finish it?” says Mingyue and he lets everyone get shocked. (Taohong Inner OS: Is this 2000-*yuan* thing deserved to evaluate as this?! I won’t buy it easily, although I can buy it!)

“Well, I pack it now and I’ll eat it in the evening.” Taohong thought how to cope it.

“OK. It’s not late if you’ll pack it in the evening.” Mingyue seems not very surprised for 2000 *yuan*.

“But it’s so far if I’ll come here in the evening.”

“Are you full? If you’re all full then I’ll go to pay.” Says Mingyue. (Lingxiao’s Inner OS: I’m like an outsider.)

“No, we are not, please wait.” Says Taohong.

Five minutes later, Mingyue go to the checkout counter and pay.

“Hello! Well, did you come here together?” Says cashier.

“Oh, yes, we did. Let I pay for you.” Says Mingyue. (Taohong’s Inner OS: wow, he can pay for me really! But it looks very expensive.)

“A total of 562 *yuan*¹¹, how do you pay?”

“I use WeChat to pay, thanks.”

“Please scan the QR Code.”

“Beep! Pay successfully!” Says cashier, “Thank you for your patronage, welcome to visit next time.”

“Just help me to checkout a 2000-*yuan* combo, thanks.”

When they finish everything... (In fact, the author doesn’t want to write them.)

“Bye-bye!”

“Bye-bye!”

Having Meal

Today, we don’t know what Mingyue wants to do, he wants to have a meal with Lingxiao, it’s

not normal.

“Have you got any cases today?” Lingxiao is in doubt, “You usually hasn’t any free time when you have got cases, why do you want to have a meal with me?”

“Just nothing. I want to do something by the way.” Says Mingyue mysteriously, it seems that Mingyue has something, “OK, forget it, please don’t ask it again, let’s go to the Seafood Restaurant and have the meal! I’ll wait for you, bye!”

Then Mingyue hangs the phone up. (Lingxiao’s Inner OS: Why do we have meal at a far place? Oh my gosh!)

They arrived the restaurant just now. Mingyue doesn’t have any new behaviors, just like having meal normally. However, when he is having the meal, he looks around, we don’t know what he will do.

A few moments later, Mingyue take on a bag of methamphetamine from his briefcase, then he smashes it on the floor, and that makes a big noise.

We don’t know why—a waiter is attracted here. He looks around, when he determines it’s safe around, he starts talking with Mingyue.

“Gentleman, can you sell me this bag of crystal meth cheaply?”

“Of course! You can see my briefcase, there’s a lot of crystal meth!”

The waiter sees his briefcase with doubt, but he sees a pair of silver-gray handcuffs—he makes a reaction quickly—the person in front of him is a policeman!

When the waiter wants to get away from here, Mingyue arrest him and handcuffs his hands quickly, and Mingyue says, “I’ve already arrested you, don’t struggle!” (Lingxiao’s Inner OS: I’m very surprised!) Then Mingyue takes the suspect and Lingxiao to police station.

“Thank you very much, Lingxiao.”

“No problem. When I was looking at you were arresting the suspect, I got very surprised.”

“This is a basic behavior you shouldn’t be surprised. Well, I will investigate him.”

Interrogation

“Well, come here.” Says Mingyue and he takes the suspect to the interrogation room.

“Name? Male or female? How old? When did you start taking drugs? How long time that you taking drugs? ... please answer these really, else at your own risk.”

“My name is Xie Xun, male, 32 years old, I started taking drugs when I was 30 years old, I have taken the drugs for two years... these things are the total that I know.”

“Well, we will meet at the court some days later!”

This night Mingyue sleeps very worriedly, his brain is reverberating this sentence, “I’ll let you regret lifelong!” This is the threat from Xie Xun when Mingyue was arresting him.

In the night, Mingyue gets up and drives to police station. He walks to the archive room fast, then he starts finding to the identity file of Xie Xun.

“Well, that’s odd. Why does the file show that he is 32 years old, but it seems that he is in his forties? No!” Says Mingyue then he searches the profile of Xie Xun on the Internet. “No, this profile was changed deliberately by someone—this head portrait is fuzzy, but other people’s head portrait are clear, I think that there is a spy in the police station!”

Some days later, Mingyue meets Xie Xun at the court.

“We open a court session now!” Says the judge out.

A long time later, the judge declares, “Now Xie Xun is sentenced to two years, after release then he has to go into the drug rehab, and detox fully.”

“OK.” Xie Xun answered, but Mingyue feels odd.

“Since there’s a spy in the police station who has been bought by Xie Xun and who must be an important person.” Thinks Mingyue.

“We can’t discuss this thing all police station, anyway, else we will let the person hide deeper. Just investigate it first, let me see what I can find.”

Investigation

Today, Mingyue is working usually at the police station. He boots the computer skillfully and open the Microsoft® Edge to see the news. Suddenly, a bar of news goes into his eye.

“Well? Xie Xun was arrested and into the prison because he takes drugs, his father...this bar of news talking about the thing of yesterday?” Says Mingyue, then he clicks it curiously, “Xie Xun was arrested and into the prison for two years, after release then he has to go into the drug rehab, his father says that he must find the person who arrested his son and let him get infinite pain!” “Oh, that’s, oh... I can’t explain it!” Mingyue thinks that it may be only possible, but Xie Xun must be arrested and gone into the prison! It’s very normal.

Suddenly, he sees an image which is not very normal, he says, “Um? Why does the Xie Xun’s father seem like our police chief?!” Mingyue gets much doubt, then he opens the household registration information database and search the police chief, “Well, he is like Xie Xun’s father, really.” Says Mingyue, but he persuades himself in the mind, “There are lots of people who look the same around the world, this may be just a coincide, I must stop this thinking.”

But in the night Mingyue opens the household registration information database and searches it. However, if he doesn’t check then he doesn’t know, then he gets shocked when he checks—Mingyue find that Xie Xun’s father and the police chief are twins... Suddenly, Mingyue’s computer is hacked and gets the virus, then it shuts down automatically, and Mingyue cannot boot it.

“It seems that the thing starts turning to complex.” Thinks Mingyue.

On the next day, Mingyue drives to the prison first and inspects the situation of Xie Xun.

“Please accept the security check.” Says the security checker and he let Mingyue stop, “Please show me the driver license...”

After everything, Mingyue gets a piece of information which lets Mingyue gets surprised: Xie Xun ran away from the prison Mingyue thinks that the police chief help Xie Xun ran away, because only police chief came here recently. A few moments later, Mingyue gets into the office quickly, he thinks that the police chief will declare the thing about Xie Xun ran away in front of everyone, however, it’s very quiet in the office.

Then Mingyue boots the computer, he finds that the virus disappeared. He opens the household registration information database and searches again, then he finds that the relationship between Xie Xun’s father and police chief was changed to two strangers.

“But all the evidence is connecting to the police chief, he is the suspect,” Says Mingyue. “But there is a clue which lets me get confused...” In fact, the police chief’s mother was Mingyue’s father’s good friend then, normally, the relationship between them is good. But the police chief’s mother is a drug addict, when Mingyue’s father knew this thing then he got angry, because he hates anyone who takes drug very much, then Mingyue’s father broke off the relation between him and

the police chief's mother.

"According to the common sense, it..." Suddenly, a phone breaks Mingyue's thinking.

"Mingyue, would you like to play at my home?" Says Lingxiao in the phone.

"Of course. Anyway, I can't reason it now. Let me go, please wait for me!" Then Mingyue hangs the phone up.

Mingyue gets to Lingxiao's community, but the elevator can't move. Suddenly, the speaker in the elevator says, "Hello, gentleman, please release Xie Xun from the prison, and declare to everyone, yourself is the drug addict, Xie Xun is only a scapegoat! Else, ho-ho, your son will go to die." Then the elevator gets normal.

But when Mingyue gets to the Lingxiao's home, the door closed slightly. When he come in then he finds that the home is very messy, Lingxiao's family hide themselves into the big closet and they are very frightened. When Mingyue open the door of the closet...

Implication

When Mingyue open the door of the closet, Lingxiao's family get frightened and shriek.

"Please be calm, I'm Mingyue, not terrorist!"

"Oh! Mingyue!"

"Uncle Mingyue!"

"Brother-in-law!"

A few moments later, Lingxiao's family are calm, they tell Mingyue what happened just now.

"Just now, there were two people, no, three people..." Says Taohong with straight eyes.

"Let me tell you!" Says, Lingxiao. "There were three terrorists came to our home and robbed our home, they let us get into the closet, else they will exterminate us. Then, my wife came home just now, and she was robbed by the terrorist, when I think that... oh..." When Lingxiao is talking he seems to think something, "Oh, wife, alarm now!"

"No, thanks, I'm afraid that I will implicate you in this thing, but don't worry, I disconnect you, and don't contact me. Else, I'm afraid that you will be implicated by this, don't contact each other."

"Ooh, it seems that Mingyue analyzes it well!" Thinks Taohong.

"I must leave now, I think that we cannot contact each other until this case ends, bye!" Says Mingyue and he opens the door to leave. However, when he is leaving, he turns back, then he sees an evil smile made by Taohong.

Mastermind of This Case

Mingyue gets out from Lingxiao's home, but he's seen an evil smile from Taohong.

"Um? That's odd, Taohong expression, could she be the mastermind of this...?" Says Mingyue then he goes to the police station fast.

Mingyue gets to the police station, he boots his computer first, and he looks very nervous. (Mingyue's colleague's Inner OS: what's the matter of Mingyue, he went out and back recently.) Then Mingyue open the household registration information database and searches it, it shows that there aren't any reasons to show that there are any connections between Taohong and this case.

"Could she really not be...?" Mingyue is speechless.

"Oh no!" Mingyue seems to think something and phones Taoping (Mingyue's wife).

“Hello, Taoping, did Taohong post on WeChat Moments recently? If she did, please send the photos to me.”

“OK, please wait.”

A few moments later, Mingyue gets the photos from his wife. As expected, there is a mark on Taohong’s shoulder.

“Well! As expected, is still as expected, the mark lays bare her.”

Sure, Mingyue saw unintentionally that both the police station chief and Xie Xun have the mark like this, therefore, Mingyue thinks that this case wasn’t made by one person, it was made by a team.

“What’s name of this team?” Thinks Mingyue, he remembers suddenly a method from *Detective Chinatown 3*. He thinks himself, “H!”

After, Mingyue hellos Taohong with an identity of a stranger, “Hey, H!”

After a lot of trials, Taohong has been put in the prison, and Xie Xun has been put in the heavy prison. About the ex-police-station-chief, he has been dismissed, and he has been put in the heavy prison, too.

When Taohong is put in the prison, she still makes an evil smile, again.

Author’s Word

This theme, *Team H*, it ends up here, please look forward to next case.

Sure, I’ll make more themes and let you want to read them, believe me, everyone!

Nucleus

The Plot

This is a case which happened in foreign country.

Fortunately, a staff found it and close the nuclear power plant then, else our country would be got the nuclear pollution.

Ordered by superior, Mingyue has gone to Fuzekistan¹⁴, the neighboring country, and to investigate this case.

“What did it happen?”

“Nothing, we don’t know why the nuclear fuel rods were filched.”

“Ah? If someone filched it then it will be let whole nuclear power plant happen nuclear leak!”

“Fortunately, there was a staff who closed the main gate and let the nuclear power plant stopped running.”

Mingyue don’t say anything, but his brain is thinking fast, “That’s wrong, because if someone filched this then this couldn’t cool down, how did the suspect take it away? I remember that this thing cannot cool down fast, if somebody take it away, it will cause the whole city sensation, it’s not possible!” When Mingyue is thinking, he lets his brain stops thinking, suddenly. And it is night now, it’s very quiet around, and lets people cold back, but Mingyue hasn’t any thinking now.

¹⁴ Fuzekistan: a fictitious country in this novel – note from translator.

“Let’s come back!” Says Mingyue and he lets other one comes back.

There almost aren’t anyone on the road in the night, but the dark streetlights let one want to sleep, but Mingyue is very worried, he doubts that this case was also made by “Team H” ...

Milk

Although Mingyue doubts, he may just doubt after all, so he doesn’t do anything.

One time, Mingyue smells a strange smell which is like uranium-235.¹⁵

“The smell is smelling like the uranium-235,” thinks Mingyue, he wants to talk about this with other one, but there is quiet and there isn’t anyone, but why is there uranium in the hotel lobby? Mingyue take his Geiger counter and to detect the radioactive matter. There is a box of Yili® Pure Milk which emits a lot of radiation, although it doesn’t exceed the standard.¹⁶

Mingyue puts his glove on and touch it softly, then he has been burnt the hand a bit. Luckily, there aren’t any problems. However, at this time, the investigation team have gone already back the hotel. Mingyue put the box of milk into his item sample bag which is carried anywhere by him.

“What’s the matter? What have you done?”

“Nothing, just put a box away of pure milk.”

“Take it here, it must be checked by us.”

Mingyue doesn’t disagree¹⁷ to do it, then he takes the sample to them, but which is a fake sample, when he takes it to them, they look very happy, we don’t know why.

Mingyue thinks, “It seems that I know who the suspect is.”

Mingyue smiles evilly...

Suspect: The Evil Smile

We don’t know why, it seems that Mingyue has ideas in his brain, and he thinks that he can crack the case with these ideas.

“But where is the nuclear fuel rods?” Mingyue stops thinking suddenly, he is stuck, there aren’t any ideas were made. “I can never ask them!”

“Oh, there is that box of milk!” Mingyue take out the item sample bag and take out his Geiger counter.

“The uranium-235 has still remained on it. It needs to be sent to the sample inspection station. But they may be at there,” thinks Mingyue. “No, I have to go back my country secretly.”

Next month, Mingyue drives foreign car to go back his country while they are not attention on him. Mingyue looks at the calendar, today is 13th August.

On 19th August, Mingyue arrives the motherland.

Mingyue gets off the car, looks at sky and sighs deeply, then he walks to the government.

“Why do you come back?” The President is surprised to see Mingyue.

¹⁵ The author didn’t know that the uranium hasn’t smell when he was writing this. In addition, the theme of “nuclear” was put forward by me, he hasn’t very much knowledge to the nuclear science, so just as a novel for pleasure, don’t be a too serious person – note from translator.

¹⁶ The author told me that the radioactive matter wasn’t permeated into the milk, there is some powder of the radioactive matter on a face of the milk box, that powder was put on it by one who was wearing gloves and he touched it, so the powder has been kept here – note from translator.

¹⁷ Here must use double negative.

“I’ve already known a lot, please tell the President of Fuzekistan that I needn’t to investigate this case?”

“Ah?!” The President gets more surprised.

“You can let somebody to tell their President that I’ve already known who the suspect is.” Mingyue answers, then he lets everyone at this place get surprised. “Don’t talk a lot, the ‘Investigation Group’ is the suspect group. Look at this box of milk, it’s the sample.”

“Can you identify the suspect with only a bottle of milk? You are too hasty!” A lead is doubting the Mingyue’s skill.

“Yes!”

“That’s right!” The leads among here are discussing this.

“If you don’t believe it, you can verify this yourself.” Says Mingyue, then he turns back and go.

The leads don’t believe it, only one lead take away the sample, however, they are eaten humble pie, with force.

In the night, the President visits Mingyue.

“Where are the nuclear fuel rods which you said it?”

“The photos are changed by the investigation group with Photoshop. I found a friend and let him recovery the changed photos. They said that they would buy the nuclear fuel rods, it is just a gimmick, they want to let me don’t doubt them, and let them keep hiding.”

“You are our country’s pride!” Says the President.

“You flatter me! Just talk with their President.”

“OK, we will go tomorrow, goodbye!”

“Goodbye!”

The Investigation Group

Next day, the President tells the President of Fuzekistani that in fact, the investigation group around him is the suspects.

“Ah?! That’s impossible! They are a group of people who I trust them, they’re impossible to betray me!”

“Ah, this...”

The President hangs up the phone.

“What shall we do now, Mingyue?”

“We couldn’t convince him then we shouldn’t give attention to him, this is his country, whether he to do or don’t do is his case, because we’ve already finished the cases which are we should have done.”

“That’s OK.”

Now the investigation group are playing video games and goofing off.

Missing Case of Xie He

River

Mingyue walks to a riverside.

"Ah, the river in autumn, there are a lot of fallen leaves, what a sad view!" Mingyue sighs. "No, why do I think about the sadness? Ho-ho, how beautiful this view of autumn is!"

Now, Mingyue sees the most famous beggar around this city, Buluo. He plays the violin very well.

On the next day, Mingyue gets a phone. The person who phoned Mingyue says that there is a corpse was found on Xinzhan River.

"What? A corpse?" Mingyue run to the Xinzhan River, then he sees that the policemen are collecting the samples.

"Mingyue, you have come."

"Don't take most things, stop now first."

It's midday now, and it's silent around.

"Where's the corpse?"

"The corpse might be washed into the larger river, that's only a corpse, just be found by someone."

"Are there any photos?"

"Yes, there are."

The policeman lets Mingyue look at the photos, Mingyue doesn't say anything, just the expression is very strange, he looks not very good.

Mingyue look around nearby, there aren't any suspicious samples and suspicious people.

Mingyue lets the policeman send the photos to him. After, Mingyue send these photos to his friend who helped Mingyue to process images before. A few moments later, his friend replies to him.

"It seems that this image hasn't the trace of be photoshopped, but the part of the corpse is like be photoshopped, unfortunately, it really wasn't photoshopped."

"OK, thank you a lot!"

"No, it's a pleasure!"

Then Mingyue hangs the phone up.

Mingyue has not ideas yet. Wait, who is the corpse? What's the relationship with them?

Mingyue run back the police station at once, boots computer and open the household registration information searching system.

"Well, according to the face, is this person...Xie He? Why do I think that he has a relationship with Xie Xun?" Mingyue searches it, he finds that they are a pair of cousins! But in the household registration information searching system, it doesn't show he is deceased, the head portrait doesn't

turn gray, it means that he is alive yet. But he matches many another people, only Xie He has 87% similarity to him. In additional, there also is a person who has 2% similarity to him but who is deceased yet.

“But there isn’t any blood in the image, and it was taken at 10 o’clock in the morning.

“But there were many people in the park. And it’s a major case the news will not de-report, however, is Xie He really deceased? ...” Now Mingyue gets a phone.

“Mr Mingyue, it seems that I’ve seen Xie He! He is at the Qingtai Avenue¹⁹.”

“What? OK, I’ll get there soon. Please watch him and don’t let him get away!”

“Of course.”

Mingyue hangs the phone and drives the car to the Qingtai Avenue immediately. He gets to Qingtai Avenue and phones to the stranger who phoned Mingyue just now.

“Do you get here yet?”

“Yes, I do.”

“He’s already ran to the Jingfeng Road!”

“Oh my god...”

Mingyue drives car to there quickly, finally, he arrested Xie He.

Xie He

“What’s your name, please?”

“I’m Haotian.”

“Have you seen this person?” Says Mingyue then he takes out a photo. “This person is Xie He, he has been missing for some days, suddenly. Have you seen any person who like this?”

“No, I haven’t”

“OK, thank you! Thank you for your cooperation, let’s go to the gate and take a photo for you, OK?” Mingyue says very politely.

“Of course.” Haotian’s expression is very calm, but his heart feels strange.

After taking photo, Mingyue send Haotian home, then he comes back the police station in a hurry.

It’s afternoon now, the colleagues have already come back the office.

Mingyue opens the household registration information database in computer, then he uploads the photos. But he finds that someone has 96% similarity to Xie He. Then he looks all, he only has 37% similarity to Haotian.

“That’s not very correct, everyone know that Haotian lie to me. However, he’s already known that he will be carried, but he still wanted to do this, isn’t this a gift for free?” Mingyue feels very doubtful.

By this time, Zhang Beihai run into here, “Mingyue, here are your letters!”

“OK, thank you!” Says Mingyue.

When Zhang Beihai leaves, he smiles slightly.

¹⁹ Please read the *Mingyue’s Daily Life – Part – I* for more information—note from author originally.

The Police Station

By this time, Mingyue is doing his case, he's not aware that Zhang Beihai smiles.

On the next day, after Mingyue get to office, then he boots the computer and opens the household registration information database and searches Xie He.

"Xie He died, what?" This lets Mingyue open his eyes. "The head portrait has already turned to gray, and the page shows that he is dead, then this..." Then this case becomes a homicide case. But it appears some questions—who is the murder? Is the person who took the photos of Xie He's corpse the murder?

"Too few clues, unable to solve the case, ah!" Mingyue feels that he hasn't ideas. "I want to go out and get calm."

Mingyue sees a colleague and he wave, but Mingyue sees that on his arm there is...

The Colleague

Mingyue finds that there is a mark on the colleague's arm, unintentionally.

"What? Could it be... 'Team H'?" After Mingyue greeting the colleague in a hurry, then he drives to the prison.

"Hello, prison guard. Is Taohong at here yet?"

"Yes, she is. Let me take you to see her."

"No, thanks. I just want to know."

Then Mingyue leave here with car. However, he doesn't go back the police station, he goes home.

"I can't stay at this police station continually, but the case has to be investigated as usual." Mingyue has already been aware that around the police station hasn't already been normal again.

After he's home but he's still thinking a question: where has that missing person gone? Then Mingyue open the household registration information database and searches "Xie He", but he gets surprised.

"What? The dead person has respawned?!" Mingyue feels that is extremely strange. In fact, the information of Xie He in the household registration information database in the computer at Mingyue's home is completely different than the household registration information database in the computer at the police station. "I think that someone has changed the important files in the computer at the police station, deliberately."

A few moments later, Mingyue finds the position of Xie He's home with some software and goes once.

When he arrived Xie He's home, but he sees that Xie He is sitting on the sofa stably.

"Who do you want to visit, Mingyue?" Xie He is welcoming Mingyue politely.

"Ah, nothing. I just want to ask something to you." Says Mingyue and he comes in, then he takes out a photo, he says, "Whose photo is this?"

"This person, uh, who is this? Uh, I seem don't know him."

"OK, I've to go back quickly, bye-bye."

"Bye!"

Hmm, this theme, *Missing Case of Xie He*, ends up here. It seems that the author has written too many unrelated things.

Next case preview: a murder case.

Murder Case in Lanman Town

Fluorescent Tube

This is a dark and windy night.

Mingyue gets a secret message, in a town, the mayor of this town died. And the other side says that Mingyue can never let police know this, because this case will impact whole town.

A few moments later, Mingyue packs luggage and gets on the train, then gets on the bus. On the next day, Mingyue arrives that town.

"I've arrived here. Where is the crime scene?"

"You wait for me at the village entrance, I will take you to there!" The answer from the messages let Mingyue think that is very unpleasant.

A few moments later, a lady waves to Mingyue then Mingyue walk to her.

"Let's go and see the crime scene."

"OK."

Mingyue and the lady go straight a block of villa that seems good with the lady, and they go to the floor 2.

Floor 2 is still using the original simple decorations: a long old-fashioned fluorescent tube lies on the sofa. Maybe because it's very old, it's stopped producing sparks and hissing, the deceased next to it may be the mayor of this town.

"Do whatever you should do, I must go to buy the casket."

"OK."

Just these simple sentences. Mingyue certainly doubts the lady, with the doubt before, is she already to be arrested? "I can't solve this case and determine the murder lightly, because the clues are seriously inadequacy now." Mingyue thinks.

The woman goes downstairs with da-da sound. It's dusk now, due to there aren't any lights, it starts becoming dark around. When he is looking at the pool of blood, he gets cold back.

The injured part of the mayor is very strange, as can be seen that the abdomen has scars produced by firearms, but here aren't any bullet casings. It illustrates that when the deceased was at home, he didn't know that the killer was next to him. However, there is a question: how did the killer kill the deceased? Here isn't any trace, except – a fluorescent tube? This kind of normal fluorescent tubes can electrocute one, however, the pool of blood over the floor can't be explained. According to this, the deceased was killed by the killer with the firearms, but what is the relationship to the lamp?

It's evening now, here is very dark because there isn't light.

Mingyue feels that is hard to investigate in the evening, then he leaves quickly.

On the next day, Mingyue gets some more shocking information...

The Little Town

On the next day, Mingyue gets the phone from the husband of that woman. By the phone, it can be heard that the husband of the woman is very alarmed, he doesn't know how to do for a while. By the time, Mingyue doesn't know how to solve, but the most primary thing is to find the next victim, otherwise, this case will become trickier. As for why it is tricky, I believe that each reader has already known – yes, because that woman died.

But even if he connects all the clues, he can't find who is the next victim, too.

"There is no evidence now, unable to determine who is the killer. I can only go to there and extract some samples for analysis." Then Mingyue finds a shared bicycle on the road and rents it with a software on his phone.

Mingyue rides to an empty place that is near that woman's home. He stops the bicycle and pay, then he goes straight that woman's home.

What shocks him is that the woman's cause of death is completely same to the mayor – she was also shot with the firearms to the abdomen, then because of excessive bleeding to die. But what lets Mingyue feel doubt is that both their places of death were next to a fluorescent tube that was sparking and hissing. It explains when the deceased is dying, the fluorescent tube was repairing, this let the killer grasp a clear killing place thereby shot to kill.

"The most important thing is to find the next victim, but the little town is big, there are 70 thousand people, how to find?" As he is confusing, he remembers suddenly that both of first two victims relate to the leaders of this town. "Then the next target should be the Deputy Town Mayor."

Buluo

Mingyue rides on the shared bicycle again, then go to the government of this town.

When he gets there, he's been stopped by the doorman, "What do you want to do at there? Haven't you seen it? Governmental staff only!" The doorman rebukes Mingyue loudly.

Mingyue takes off the mask then say, "I want to search some archive and get some information."

"Just come in!"

Mingyue walks in, he is not unhappy. In the government, although here is a little town, the decorations are very luxury, not like a little town. Mingyue walks to the archives room and finds the data. Suddenly, Mingyue finds an odd archive: Buluo?!

"Isn't he the most famous beggar in Xitai? Why can his data appear in the archives of deputy town mayors? This case looks a bit mysterious." Mingyue starts to read this odd archive.

A few moments later, Mingyue has known. Buluo was the deputy town mayor of this little town before, however, because of an event, he's been dismissed by the Organization Department. After this event the town mayor felt that others can't be relied, so there is no person to take the office. Suddenly, Mingyue sees a piece of application text, there is a red and big cross on it.

For the previous event, I'm very guilty, and I have already engaged in very deep introspection. Please tell the Minister of Organization Department, I apply to take the office of the deputy town mayor. Hope it can be passed.

Buluo the Former Deputy Town Mayor

Next to this, there's a piece of paper under it.

You've made a heinous crime, and all the people of town don't forgive you!

This kind of scrawls must have written by the town mayor, personally.

Suddenly, Mingyue finds that there are many letters in the garbage can, and that are teared, they are absolutely sent to the town mayor by Buluo. "Well, could it be that Buluo let somebody kill the town mayor? Because Buluo got impulsive then he killed the town mayor." Mingyue thinks, and goes to the office of the town mayor's secretary. Sure enough, Buluo asks the secretary to take the office of deputy town mayor.

Mingyue goes out the Government, but there is a doubt: why did each victim of this case die under a fluorescent lamp, is this a signal or implicature?

Mistaken Solution

After Mingyue has known that those people have been killed by Buluo, then he drives back to the Xitai City.

Mingyue walks to Xinzhan Riverside, he sees Buluo, and he wants to follow Buluo to his home. According to the people, on each day, after he prays, he will go to the most luxury villa complex in this city. But after Mingyue followed, he finds that Buluo lives in a same block of villa with a person! This is not strange, many people said that he disappeared as soon as he arrived at the villa complex, and because he was a deputy town mayor before, he was rich and bought a villa is a very normal thing.

On the next day, Mingyue follows Buluo and goes to his home.

"You, what's the matter?"

"Buluo? I've long-awaited!" Mingyue takes off the mask while he is saying.

"Ming...Mingyue! Uh...you, what's the...matter with...you?"

"I just come here and visit you."

Mingyue sits on the sofa, and waves to Buluo to sit down and talk with him.

"Did you hear of the deaths of several people in Lanman Town recently?" Says Mingyue and he smiles evilly suddenly.

"Ah, yeah? I never heard it! What's the matter?" Buluo feels anxious suddenly, and he is caught off guard on the question from Mingyue.

"Are you sure that you never heard it?"

"Ah...ah this..., indeed...never...heard it...yeah?" Buluo's body starts trembling.

“What’s the matter, do you feel cold?” Mingyue circled Buluo’s neck with backhand, and pull him here, then say, “Are you sure?”

The atmosphere starts getting heavier now.

“Yes! I’m sure! I never heard it!!! Don’t ask of this again! You can’t ask me! Don’t you know?” Suddenly, Buluo’s attitude gets abnormally firm.

“Is that you go to surrender yourself or let me take you to litigate? I suggest you to surrender yourself, maybe the judge will give you a suspended sentence!” Mingyue cuts to the chase directly.

“Don’t put the blame on me! Why do I know this thing?!”

“We will meet each other on the court! That’s your choice, you must never regret it!” Says Mingyue, then he stands up and leaves.

By this time, the spring wind blows off the peach blossoms. Under that peach tree, there is an orange cat, it’s lying on there silently.

Mingyue looks and looks at the orange cat, he sighs, “Buluo is same to this orange cat, they don’t know the seriousness of the situation, completely. They are hard to solve!”

Mingyue walks to there and hugs up the orange cat. The orange cat instead follows Mingyue obediently and goes to his home...
